BENEFITS OF BECOMING A STORE MEMBER

Members are the heart and spirit of the Atlantic Convenience Stores Association. With a strong membership we have a strong voice that politicians and government bureaucrats take notice of. We have credibility. We have authority. Our association, and our industry, also benefit from the collective experience and know-how that our members have to offer.

With your store membership, you will receive:

Advocacy support – Whether it’s getting a better margin on beer sales – or just getting the ability to sell beer in your store, or better margins and new products from Atlantic Lotto, or getting a better margin on retail gas sales, or fair treatment on the sale of vape and tobacco products, or reduced red tape, or fair increases to minimum wage – if its an issue important to your business – chances are we have information that will help you get to where you want to be.

Free We Expect ID responsible retail training, plain packaging training and certifications.

Invitations to major events, new product launches and free networking events. Check out www.theacsa.ca.

More... drop us a line to discuss what we do and what we can do for you.
